

**We are a band from Luxemburg.**

**We started playing in october last year 2009.**

**We are friends for some years already and listened always to Ska/Punk and Reggea music.**

**So out of that Diego (vocals) and Joel (guitar) took the inspiration to create a ska band.**

**They asked Charel as drummer and so after a time also Philippe (keyboard), Mich (Bass), Bert (Guitar) and Vic (Vocal) joined the band Los Dueños del Ska .**

**Our idea is to create something new, so our style is a mix out of : SKA, REGGEE, PUNK and HARDCORE.**

**It's easy listening and we just create own songs where we express our feelings, opinions and experiences of live.**

**It's Skanking time with Los Dueños del Ska!**
